# Features

3.5 inch color LCD, portal

Multi function integration, source, optical power measurement functions.

High precision, short dead time, support various kinds of continuous connection.

28dB dynamic support over

Bluetooth connection of network, support the transmission of test files to

Mobile phone remote control, support view analysis through the

# Parameter

--	--	--

Item	Parameter
Wavelength	1310/1550nm
Dynamic Range	28/26dB
Event Dead zone	1m
Attenuation Dead zone	4m
IOR Setting	1.30000~1.70000
Loss Resolution	0.01dB
Pulse Width	3ns~20us
Sampling Points	64000
Sampling Resolution	Min 0.05m
Distance Accuracy	±0.5m
Loss Accuracy	0.1dB
Linearity	0.1dB
Reflectance Accuracy	±2dB
Optical Port	FC/UPC, SC/UPC
Working Humidity	0~85% (Non-Condensing)
Working Temp	-10~50°C
