

### Qwik-Fuse fiber optic connectors

The CommScope Qwik-Fuse connectors are field installable, splice-on, fiber optic connectors, uniquely designed to provide easy-to-use fusion splicing connectivity. Qwik-Fuse connectors enable fast, low-loss and reliable fusion splicing connectivity in the field without concerns about shorts, excess slacks and the need of a splice tray. They provide flexibility for repair and restoration with minimum downtime. Available in LC and SC, Qwik-Fuse connectors are compatible with industry-leading fusion splicers in the market.

## Qwik-Fuse connector tool kits

CommScope Qwik-Fuse connector tool kits are designed to facilitate fast and reliable connector terminations. The Qwik-Fuse Termination Tool Kit includes all necessary tools and supplies for cable preparation and termination—providing great convenience to installers and contractors. In addition to all components in the tool kit, the Qwik-Fuse Installer Tool Kit includes a purpose-built splicer (Installer Connector Fusion Splicer Tool) and fiber holders, which significantly simplify and speed up the splice-on termination process. Fiber holders to terminate Qwik-Fuse connectors using other industry-leading splicers are also available from CommScope.
